Dear Commissioner Henney,

In reference to Docket 99P-0033/CP 1, I am writing to demand that you act on the HFA petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals.

I don't know how this came about or how long it has been going on but it is barbaric and shameful. You are apparently in a position to do something about this situation. Won't you please stand up for the animals.

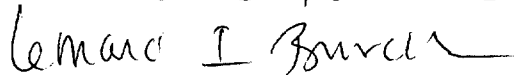

If I may leave you with a few quotes:

"Our task must be to free ourselves by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty." Albert Einstein

"The greatness of a nation and its moral progress can be judged by the way its animals are treated... I hold that, the more helpless a creature, the more entitled it is to protection by man from the cruelty of man." Mahatma Gandhi

"In the relations of man with animals.... There is a whole great ethic scarcely seen as yet, but which will eventually break through into the light and be the corollary and the complement to human ethics." Victor Hugo

Thank you for your time.

Sincerely,

Wanda Horne
